

An exceptional journey for 9th and 10th grade students

Our team of faculty, administrators, advisors, and school counselors is dedicated to supporting the unique needs and interests of the Arts Academy's youngest students.

HERE ARE SOME OF OUR INITIATIVES FOR 9TH AND 10TH GRADERS:

- **Group Bonding & Friendship-Building Activities**
Students enjoy field trips, recreational activities, and social events, as well as special orientation sessions that ensure strong starts and early friendships.
- **Weekly Advisory Group**
An adult advisor teaches an age-specific curriculum covering sleep hygiene, bullying, goal-setting, and more.
- **College Preparation and Standardized Testing**
We offer workshops especially for 9th and 10th grade students, and each student is assigned an Academic & College Counselor who is dedicated to their wellbeing and success at Arts Academy.
- **Highly-qualified Instructors of Residence Life**
These individuals have day-to-day contact with students, who are housed in age-specific residence halls.

ADDITIONAL OPPORTUNITIES

All students have access to assisted study and tutoring services, the Writing Center, standardized test prep, mental health counselors, Health Services, and the Dennison Center for Recreation and Wellness.
